Md Sajid Ansari

Full Stack Web Developer

PROFESSIONAL SUMMARY

Passionate developer with strong problem-solving abilities. Proficient in both front-end and back-end and keen to learn new technologies and frameworks. Looking to start a career as an entry-level software engineer with a reputed firm driven by technology.

PROJECTS

1. Bed Bath &Beyond Clone | ⊕ | 🐙
HTML | CSS | JS

- Developed an e-commerce platform named "Bed Bath & Beyond" to provide seamless online shopping experience for purchasing furniture and sofa couches.
- Implemented features like home page, login/signup functionality, product page with add-to-cart functionality, cart page with increase/decrease/remove features, buy-product/delivery information/add coupon code, and payment page.
- Utilized HTML5, CSS3, and JavaScript to create interactive user interfaces.
- Collaborated with a team of 5 developers to successfully execute the project in 7 days.
- Took ownership of areas like home page, sign-up/login, and add-to-cart features.
- Demonstrated advanced level proficiency in web development by independently completing the project.

2. Gordon Resort Hotel | ⊕ | 🐙
HTML | CSS | JS

- Developed an e-commerce platform hotel booking website using HTML5, CSS3, and JavaScript.
- Implemented features such as a home page, login and signup functionality, product page with sorting options, booking page, and payment page.
- Responsible for developing the home page, sign-up and login functionality, and the booking feature.
- Part of a collaborative project built by a team of 3 developers and executed in 7 days.
- Demonstrated advanced level skills in HTML5, CSS3, and JavaScript for this project.

ACHIEVEMENTS

- **Zoom Marathon Challenge,**
  Masai School
